

## EDUCATION

Degree	Specialization	Institute	Year	GPA
B.E	Computer Science & Engineering	Ramaiah Institute of Technology	2026	8.87
Intermediate	Physics, Chemistry, & Mathematics	Sri Medha V Junior College	2022	97.7
SSC CBSE	-	Kendriya Vidyalaya	2020	92.6

## TECHNICAL SKILLS

- **Languages:** C++, C, PostgreSQL, Rust(Beginner), Java, Python
- **Tools:** Linux, GitHub, Postman, Adobe Illustrator, Adobe InDesign, Jupiter Notebook, LaTeX, VS Code
- **Web Dev:** React.js, TailwindCSS, Javascript, TypeScript, React Native, Angular, Express.js, Mongo, AWS - Amplify, AppSync (Learning)

## WORK EXPERIENCE

- **Web Development Intern** [Aamara Technologies] Jun-September 2024
  - Developed a **high-fidelity website** using **Angular** and **TailwindCSS**, transforming low-fidelity designs into polished user interfaces.
  - Collaborated with a **team of three** on backend development, ensuring seamless integration between frontend and backend.
  - Engaged in **client meetings** to gather requirements, discuss progress, and implement feedback for improved user experience.

## PROJECTS

- **CountryLive – Real-time News App** [Personal Project] Jan-Feb 2025
  - Developed a **React Native application** that fetches real-time news from **NewsAPI**.
  - Implemented **search functionality** and **category-based news browsing** for an intuitive user experience.
  - **Published** the first release of the **CountryLive** app as **CountryLive v1.0.0 APK** in **Github Releases**.
- **Prescripto – Healthcare Management System** [Prof. Priya K] Nov-Dec 2024
  - Developed a **comprehensive healthcare management system** featuring an **admin panel**, **user interface**, and a robust **backend server**.
  - Ensured modularity and scalability by structuring the system into distinct sections, each with specific functionalities such as **appointment scheduling** and **patient records management**.
  - Integrated seamless **doctor-patient interaction** workflows for enhanced usability and efficiency.

## POSITIONS OF RESPONSIBILITY

- **Core Member Designer, secuRIT** Jan 2024 - Present
  - Designed posters and visual materials for events and initiatives, ensuring impactful visual communication.
  - Organized and conducted **hackRITual (CTF)** and **Innovision (Hackathon)**, enhancing engagement within the cybersecurity community.
- **Core Member Designer, CodeRIT** Nov 2024 - Present
  - Led the organization of **wHACKiest (Hackathon)**, fostering innovation and collaboration among participants.

## CERTIFICATES

- **Forage:** Accenture North America - Coding: Development Advanced Engineering Job Simulation
- **Coursera:** Rust for Beginners: Building Target Proximity Game
- **Postman:** Postman API Fundamentals Student Expert
- **Google:** Introduction to Generative AI
