

# KEERTHAN K V

B.E. graduate in Information Science and Engineering with a strong foundation in software development and problem-solving. Keen to experience the working with various programming languages and tools. Seeking an entry-level position to apply technical skills.

## About Me

As a driven entry-level student, I'm passionate about Development and dedicated to advancing my skills and knowledge. Currently pursuing B.E in ISE at MS RAMAIAH Institute of Technology, I'm excited to apply theoretical concepts to real-world problems and explore in the field of Development and also in Full Stack Developer.

With a solid foundation in C, JAVA I'm eager to translate my academic achievements into practical experience. I'm particularly drawn to Problem Solving and Development and thrive in environments that challenge me to grow both personally and professionally.

I'm now seeking hands-on opportunities through internships roles that align with my career aspirations. Committed to lifelong learning, I'm enthusiastic about the prospects that await me in my chosen field and am excited to make a meaningful impact.

## Educational Background
